# COLORS, MATERIALS & FINISHES

OCTOBER 4 & 5, 2023

CENTRE DE CONGRÈS  
DE L'AUBE – TROYES

Our Exhibitors:

## JOIN US FOR THIS NEW EDITION OF OUR INTERNATIONAL CONGRESS AND EXHIBITION, COLORS MATERIALS & FINISHES 2023

With the support of:

and of the French Car Industry:

**SFIP** – Société Française des Ingénieurs des Plastiques and **SIA** – Société des Ingénieurs de l'Automobile – are organising the **6<sup>th</sup> edition of Congress eco-responsible Colors Materials and Finishes 2023, in Troyes, on 4 & 5 October 2023.**

Two days of exchanges, meetings, networking and conferences. A unique and unprecedented opportunity to meet colleagues, discuss common issues around eco-responsibility, discover new decors, new materials, new products and services.

CMF 2023 is a biannual **multi-material congress** offering an overview of new trends in design and decoration and material innovations mainly in the automotive field while offering an opportunity to rethink our habits and processes.

This year we have organized the congress in **six main sessions**, opening sessions of the 2 days will focus on the Trends and Expectations. On October 4<sup>th</sup>, you will discover presentations on **Smart surfaces, Chrome surfaces and a session Around the Glazing** while on October 5<sup>th</sup>, sessions will be focusing on **Eco-Design and Finishing.**

**Special keynote addresses from OEMs and a lecture from the C2RMF** (Research and Restoration Center of the Museums of France) will punctuate the 2-days congress.

All breaks will be taken in the luminous exhibition hall offering the attendees a place to exchange in a friendly atmosphere – a real trademark of all our SFIP-SIA events!

Since 2013, this congress has been held in Eastern France, Mulhouse, Strasbourg, Nancy and this year Troyes at the Centre des Congrès with a visit of the "Cité du Vitrail" and one of the city followed by a Cocktail in the exhibition area and finally a Gala dinner organized at the City Hall.

Besides, for this edition we've acted to have a **100% English-spoken** congress in order to fully embrace the international dimension of CMF experts.

We \_\_\_\_\_ to welcome you to Troyes.

The CMF 2023 Scientific Committee.

### SCIENTIFIC COMMITTEE

Claire d'Achon, Plastic Omnium  
Gildas Bureau, Stellantis

## JOIN US FOR A SPECIAL SOCIAL EVENT AND GALA DINNER!

### What's on the agenda for your evening of October 4<sup>th</sup>?

You will be able to choose between two Guided tours at the end of the conference day.

Then a Cocktail will take place at the Cité des Congrès in the Exhibition Hall.

To finish we will have a Gala Dinner at the Hôtel de Ville of Troyes.

17:40

### Come and discover the historic beauties of Troyes 2 Guided tour offers – select yours!

#### Guided Tour #1 – La “Cité du Vitrail » - The “Stain Glass City”

The brandly restored museum of stain glass will allows you to see original works from the 12e c. to present day with masterpieces from the “Beau Sixteenth” style – beautiful 16e century – which made the world-wide reputation of Troyes.

#### Guided Tour #2 – Top sights of the heart of Troyes

There are many cities in France that still boast high-quality wooden buildings. Yet it is Troyes that arguably has the most extensive, uniform, and the best preserved or restored heritage. Discover the richness of this patrimony.

19:25

### Follow the evening by a cocktail in the Exhibition Hall

Want to enjoy networking in a friendly atmosphere with all the congress' attendees? On the 1<sup>st</sup> day, after the visit, join us for a dedicated time with the exhibitors before leaving for the dinner at the Hotel de Ville.

20:30

### End the day in the grandiose Reception Hall of Troyes Hôtel de Ville for the Gala Dinner
